Agricultural Education and Leadership
College of Agriculture, Food and Natural Resources
Students focus on developing their knowledge, skills, and abilities in leadership, communication and development. They learn to plan, manage and disseminate information in non-formal educational settings. Students complete a capstone experience that involves a supervised internship with an agricultural business, public or private agency, or commodity organization.

Possible Careers
- Sales Representative
- Youth Development Specialist
- Manager Trainee
- Commodity Specialist

Classes You’ll Take
- Verbal Communications
- Personal Leadership Development
- Team and Organizational Leadership
- Non-Formal Teaching Methods
