PREPARING TOMORROW’S LEADERS IN SCIENCE APPLICATION

SECOND ROUND APPLICATIONS DUE JUNE 1.

Note: Applications are only for PhD students and post docs in bioinformatics, biochemistry, bioengineering, computer science, food sciences, mathematics, social sciences or plant sciences (or who have a faculty advisor in IPG); Master’s Degree in Strategic Communication; or those in other fields by direct invitation. Preference is given for those who have at least one year of coursework completed by 9/1/17.

To be considered for the program, please do the following:

1. Submit the following information to Loriana Sekarski (Loriana.Sekarski@GrowWithBONSAI.com) in a single email:
   ✓ Completed information sheet (page 2 of this document)
   ✓ Resume or CV (work experience and education)
   ✓ Signed commitment sheet (page 3 of this document)
   ✓ A memo written in business style (maximum of 2-3 single spaced pages, bullets can be used if done appropriately, crisp and concise writing – make your words count) which addresses ALL of the following:
     • Your current career aspirations (what you want to do and in what type of organization)
     • Why you are choosing this career path
     • Why you want to be a part of PTLS
     • Why you think the development of non-technical skills is important
     • What are your strengths and what non-technical skills would you like to develop in this program
     • How and what you can contribute to the class (why will your being there make it better for all involved)

2. Have your advisor email Loriana.Sekarski@GrowWithBONSAI.com stating
   • Why he or she thinks you should be a part of PTLS
   • His or her support for your involvement for both semesters.

If you have questions, please contact Loriana Sekarski at 314-540-6114 or Loriana.Sekarski@GrowWithBONSAI.com.

MY COMMITMENT TO PTLS

I, __________________________________________, am applying to PTLS with the full intention of enrolling in this course for the Fall of 2017. By signing this, I agree to show my commitment to CAFNR/my college, the program instructors, sponsors and other students by

- Participating in all PTLS activities (unless medical or other emergency or a rare professional opportunity conflicts like presenting at a conference)
- Taking this program seriously and as a professional would, as I work to develop my non-technical skills
- Upholding the PTLS brand
- Being open to coaching and working to improve myself
- Being willing to try new things
- Participating in classroom and on-line discussions
- Reading/watching all preparatory material
- Completing all assignments and requests to the best of my ability
- Positively representing MU at all events as I will become an ambassador of MU
- Giving other students feedback and helping them improve
- Contributing my fair share to group efforts
- Offering feedback on the program as we seek to continuously improve it.

I recognize this program will give me a competitive advantage with all employers. Participation does not guarantee me an interview nor position with any program sponsors or other businesses affiliated with PTLS.
