

AGRICULTURAL EDUCATION

CAREER OPPORTUNITIES

Learn communication and leadership skills as well as agricultural knowledge while earning your agricultural education degree from the University of Missouri College of Agriculture, Food and Natural Resources. Prepare for a variety of careers, including:

- + **TEACH AGRICULTURAL SCIENCES.** Teach about the many facets of agriculture – from crops and livestock to economics and marketing – and how that system provides the food we eat.
- + **PUBLIC RELATIONS.** Articulate messages about a company's products or an organization's cause to the public in the areas of social media, web, radio, television and print publications.
- + **YOUTH PROGRAMS.** Develop educational programs for youth nationally or regionally in groups such as 4-H and extension services.
- + **SALES.** Market products related to food and crop production.

Combine agriculture with working with people. Shape the next generation's understanding of agriculture and its role in society, or use communication and human relation skills to obtain leadership roles in many agricultural industries.

the CAFNR experience

HANDS-ON LEARNING

As an agricultural education student, your chances to gain field experience through research and internships are almost limitless.

- + **LEARNING LABS.** In CAFNR, you can dive into real-world, interdisciplinary experiences through our student-operated, full-service floral shop, café, ice cream parlor, meat market and at our research centers throughout the state. These services showcase CAFNR's signature research, education and outreach programs while providing top-quality products to the public and experience for our students.
- + **INTERNSHIPS.** Students emphasizing in both the teaching and communications and leadership options benefit from internship and teaching experiences. Teaching option students complete a semester of student teaching along with related field work.
